A Lucky Find.

Great excitement prevailed at the fish market early this morning, when a monster shark, the largest ever seen here, was brought in by some Jap fishermen, who immediately proceeded to cut the carcass up. The dorsal fin of the sea monster, measured nearly seventy-two inches, and will be presented to the Bishop Museum. But the bystanders nearly went wild when upon opening the stomach of the shark a variety of ship's instruments and sailors' clothes were found, upon examining the lining of the stomach there were also found several cards explaining the merits of the Douglass Patent Closet, sold by Bath the Plumber, and guaranteed against leakage, and the annoyance of running water.
